

Walker & Kepler,

AGENTS AND CONTRACTORS.

Edison System for Electric Lighting,

—AND—

Bergmann & Company's Electrical Appliances,

106 & 108 SOUTH FOURTH ST.

LICENSED BY THE EDISON CO.

TELEPHONE NO. 1916.

Philadelphia, May 20th., 1890.

Mr E^Kgfeldt,

U. S. Mint, Philadelphia, Pa.

Dear Sir:-

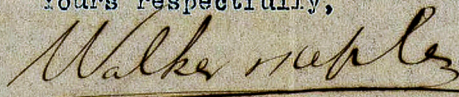

It will be necessary to run a separate main from the meter to the motor in the loft and we herewith send you our estimate for erecting the same:-

We will run a Two (2) wire main of #6 B. W. G. Habirshaw, insulated wire, concealed in moulding, from the meter to the motor furnishing One (1) double pole knife switch, placing and connecting up the Resistance Box, furnishing all necessary double pole cut-outs and do the work in a thoroughly first class manner to pass the inspection of the Board of Fire Underwriters and the Edison Electric Light Company for the sum of Sixty Five Dollars (\$65)

We are ready to start the work at once.

Hoping to be favored with your order, we are,

Yours respectfully,

NARA RG104, Entry 1, Box 163
